

Why do we ask you to make a template?

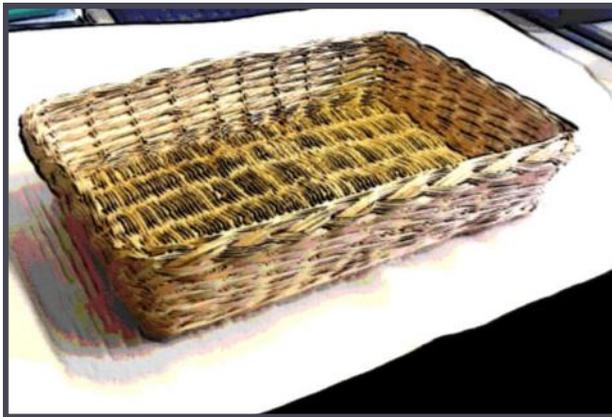

There seem to be as many different styles of moses basket as there are stars in the sky! We can provide the mattress for your basket in any shape or size, but we want to make sure you get a perfect fit. To do so, we ask you to make a paper template to match the basket you are putting the mattress into.

Follow these easy steps to get the perfect template that we can work with. Please remember, we are human and can only do our best according to the condition of the template. Wobbly lines makes it really difficult for us to make a mattress that will be a perfect fit for your basket.

Making your template.

 **Step 1:** Get a large sheet of paper (newspaper works really well).

 **Step 2:** First of all, if you have an existing mattress for the basket, place it on the sheet of paper and draw around it. If not, place your basket on top of the sheet of paper and draw around the base of the basket.

 **Step 3:** Cut out the shape. You will now need to trim the template to make it fit neatly inside the base of your basket. Please remember, allow a little space to be able to tuck those little sheets in.

 **Step 4:** Put your name and address on the template and post it to:

Abaca Ltd, Unit 1 Ty Croes Business Park, Pontarddulais Road. Ammanford. SA18 3RD
